

To whom it may concern. I am a 5 to 6 day a week auto ferry user,my reason for using the ferry is to travel to kirkland daily for work so I can make my house payments on the island.Of course there are many other exspence too. Please !!!! think very carefully of the overall consequences for the very!!! many daily comuters who with out a reliable and on time ferry system,may very well inflate the unemployment picture in washington state to ,GOD only knows.

My thought would also be ,well lets see right now my home on whidbey valued at 300k would just about be worthless.Please!!! don't turn our ferry system into an airport security issue. I'm sure our powerfull goverment can thing of a better way than to ruin 100's of thousands of island busisness and home owners.
